Dear Parents /Carers

I am writing to draw your attention to a new section on our school website. At Glenmoor we have a large number of policies which we are required to review on a regular basis. Part of this review process involves pupil and parental contribution as many of our policies affect the day to day organisation within the school.

To support the communication process we have developed a 'Policy Review' section on our school website. Through this all pupils and parents can access current policies under review and will have the opportunity of completing a feedback sheet. This will support us in ensuring that pupils and parents take an active role in the future development of the school and I would like to encourage you to take an active part in this process.

I would also like to take this opportunity to thank all parents for taking part in our annual Parent Survey. We received some very positive feedback and the complete analysis is now available on the school website.

In particular I would like to draw your attention to two issues arising from the survey:

Staff Training Days

Parent's requested verification of Staff Training Day dates. These are as follows:

- Friday 12 February 2010
- Thursday 1 April 2010
- Thursday 22 July 2010
- Friday 23 July 2010

Student Targets

A number of parents were not aware of their daughters' target levels and grades. In response to this all staff have this week ensured that every student has their targets for all subjects entered on the relevant page in their school planner.

Should you have any concerns about your daughter's targets, or any other issue, please do not hesitate to contact me at the school and I will be happy to discuss this with you.

Yours sincerely

Mrs J Bond
